

# Our Values

1. We seek to help everyone encounter God's love for themselves.
2. We look for our lives to be motivated by love of God, His people and His world, and for our lives to be marked by grace and truth.
3. We look to communicate, express and embody the good news of the kingdom in our common life.
4. We are committed to creating community through small groups, where all can be known and cared for, and know and care for others.
5. We will share our resources by committing 10% of our income to support wider mission.
6. We will help people to connect with God by resourcing different ways of worshipping and praying.
7. We seek to help everyone to know and to apply God's word to their lives.
1. We will challenge injustice locally and internationally and uphold the poor and the marginalised.
2. We seek to help everyone to discover God's plan for their lives and to grow in their knowledge of and obedience to the leading of the Holy Spirit.
3. We will help people to work out what it means to live a life fully submitted to Christ as Lord.
4. We will seek God in prayer and follow where He leads, allowing Him to shape His church.
5. As God wants us to enjoy fullness of life, we will look for this to be expressed in our homes, workplaces, schools, neighbourhoods and wider community.
